Important Information:

- The Trustees Scholarship will cover **tuition expenses only**. Students who receive federal grants (such as the Federal Pell Grant) will have their grant money applied to tuition expenses first. If grant funding meets or exceeds the cost of tuition, student's Trustees Scholarship will not be utilized. Any remaining federal grant funds can be used to cover fees and book expenses. If a grant award total is less than the student's tuition expense, the Trustees Scholarship will cover the balance of tuition, but will not exceed the cost of tuition. After grants and Trustees Scholarship funds are applied to the student's account, they may still have a bill for fees and books.
- Trustees Scholarship recipients are selected by the Financial Aid Office.
- The Trustees Scholarship does not cover fees, books, or other expenses.
- The Trustees Scholarship is available for six consecutive terms and students must enroll in the summer or fall term immediately following their high school graduation.
- Trustees Scholarship recipients must maintain a semester GPA of 2.5 and must be enrolled full-time.

I have read and understand the guidelines for the Trustees Scholarship and understand that even after the scholarship is applied I may still have a balance due to the College.
