

Health Sciences

Earn a bachelor's degree and begin making a big impact in healthcare

Advancing your career in allied health IS possible. A bachelor's degree in health sciences can help you start or advance a career path in allied health that's perfect for you. At Herzing University, you'll learn from and study with industry leaders in allied health, receive career coaching from day one and beyond with our no-cost lifetime career readiness and employment coaching, and build a lifetime of value. According to the U.S. Bureau of Labor Statistics, individuals with a bachelor's degree not only experience lower unemployment, but also earn about 65% more in median weekly earnings over a working person with a high school diploma.*

BACHELOR OF SCIENCE IN HEALTH SCIENCES

The average length of time for a student taking a full course load is 32 months.

OUR PROGRAM

The Herzing University Bachelor of Science in Health Sciences degree program is designed for students with an associate degree in a health-related field who want to complete their degree or those with a degree in another field looking to transition to a career in healthcare, or students without a degree who are looking to start a new, rewarding career.

Courses in the degree include:

- U.S. Healthcare Systems
- Fundamentals of Wellness and Health Promotion
- Medical Law and Ethics
- Dynamics of Public and Community Health
- Health Communication
- Epidemiology and Applied Healthcare Statistics
- Public and Global Health
- Current Issues in Healthcare
- Organizational Development and Leadership in Healthcare
- Behavioral and Cultural Aspects of Healthcare
- Capstone Course or Internship

PROGRAM HIGHLIGHTS

- 100% online classes with one required capstone or internship
- **Transfer up to 90 approved credits** (no expiration date on gen eds)
- No minimum credit requirement for admissions—no associate degree required!
- Shape your degree emphasis with two healthcare electives
- Earn dual credit toward an MBA program with several choices for concentration

Program lengths may vary based on transfer credits, student course schedule and course load. Program content may be subject to change. Please check with the registrar's office for any updates, course outlines and graduation requirements.

The HERZING Difference

CAREER OPPORTUNITIES

Earning a bachelor's degree in health sciences can open doors to many unique types of career opportunities. For current healthcare professionals, a BS in health sciences provides the opportunity to advance to managerial-level roles within your specialty. Completing your bachelor's degree opens doors in many different healthcare fields, including:

- Radiologic Technology
- Emergency Medical Technician / Paramedic
- Medical Assisting
- Occupational Therapy Assistant
- Physical Therapist Assistant
- Medical Billing and Coding
- Health Information Management Technician
- Dental Assistant
- Respiratory Therapy
- Surgical Technology

Herzing University's program prepares students to enter and advance in the field of health and wellness, including instruction in fitness and exercise, nutrition, disease prevention, personal health, and much more. You may consider career opportunities in health education or community health. With a health sciences degree, you can shape YOUR career and become an important contributor to the health and wellness of your community—and make a real difference.
