The class for fall admission will be chosen based upon the ranking system. Those students scoring higher on the ranking criteria will be chosen before lower ranked students. In the event of a tie in ranking, the admission test total score will be considered to break the tie. If a student is not admitted into the fall class, a reapplication for admission must be submitted for the next year's class. The student will be required to compete with the general applicant pool at that time. ~ Revised 12-2019 ksFox
